

Special volunteer opportunity in October:
Help us kick off our Critical Home Repair program in Broomfield!

On Wednesdays and Saturdays this month, we will be taking on our **first Critical Home Repair project in Broomfield**. We need volunteers to help us build a wheelchair-accessible ramp for a Broomfield resident in need. The current ramp is in disrepair - **help us ensure that this resident can safely access their home this winter!**

To **schedule a group build**, please contact Bobby at bgroesbeck@flatironshabitat.org.

To view **individual volunteer opportunities**, visit flatironshabitat.volunteerhub.com

Help us build in cold-weather months

Thanks to the help of amazing volunteers, our King's Ridge and Palo Park builds are going strong. We need your help to keep our momentum during the fall and winter. We have lots of volunteer opportunities available in October, November, and December.

Calling all photographers!

We are looking for a talented photographer to donate some of their time and talent to our cause. If you are interested in helping us capture beautiful photos of families, build sites, and volunteers, please email Jen at jhallaman@flatironshabitat.org

Flatirons Habitat goes global

It's only a couple of weeks until our Global Village Trip teams depart for Dong Thap Province, Vietnam. Tithing and Global Village Trips are two ways that we make an international impact. By supporting fellow Habitat affiliates, we help promote decent housing as a human right. **Learn more by [checking out our blog](#) during the month of October.**
